EXECUTIVE SUMMARY

Transitioning into technology to bridge business operations and technical delivery. Electrical Engineer with an MBA in Project Management and experience leading operational, implementation, and contract-management work in technical environments; recently completed a Master of Software Engineering at Yoobee College of Creative Innovation (Auckland, NZ; formal graduation pending). Most recently Developer Intern at Crockers Property Group, delivering Park Tower Booking—a full-stack Flask application on Azure—built with Cursor.

KEY SKILLS & COMPETENCIES

- Technologies: Python, Flask, JavaScript, SQL Server / Azure SQL, REST APIs, Azure App Service, GitHub Actions, Cursor
- Project Lifecycle Management
- Stakeholder Alignment
- Software Development & Systems Thinking
- Electrical Engineering
- Commercial Negotiation & Client Relations
- Revenue Forecasting
- Salesforce / CRM
- Confident communication (Fluent English & Portuguese; capable Spanish)

PROFESSIONAL EXPERIENCE

Crockers Property Group *(July 2026 – November 2026)* **Developer Intern**

- *Designed and built Park Tower Booking, an internal web app for short-stay operations: unit availability, booking pipeline, cleaning/check-out tracking, and conflict detection.*
- *Integrated a property-management REST API with Azure SQL; delivered JSON APIs, admin tooling, Excel exports, and CI/CD to Azure App Service with Easy Auth.*
- *Used Cursor as the primary AI-assisted development environment across UI, backend, data layer, and deployment workflows.*

agilon Health – Mphrx *(June 2021 – March 2025)* **Sales Operations and Operational Manager**

- *Operational Oversight: Managed Brazil office operations with regulatory compliance and day-to-day execution.*
- *Resource Management: Managed vendors and operational budgets while maintaining service quality.*
- *Compliance & Risk: Enforced policies to mitigate operational risk and meet local regulations.*
- *Client Implementation Project Management: Led solution implementations from scope and planning through delivery and handover.*

China Telecom *(November 2020 – May 2021)* **Senior Account Manager**

- *Lead identification: Used market data to find and qualify high-value commercial opportunities.*
- *Account prospecting: Built and advanced target-account pipelines through outbound outreach.*
- *Full sales cycle: Managed conversion from first contact to signature and technical implementation.*
- *CRM management: Maintained Salesforce records for pipeline integrity, forecasting, and management reporting.*

CenturyLink *(January 2019 – September 2020)* **Senior Account Manager**

- *Drove top-of-funnel acquisition with data-led prospecting for high-value commercial contracts.*
- *Guided leads through objection handling to signature and implementation; maintained Salesforce pipeline integrity and forecasting.*
- *Managed contract complexity and documentation to maximize conversion rates.*

NTT *(April 2016 – April 2017)* **Large Accounts Executive**

Teltac *(June 2015 – September 2015)* **Country and Account Manager**

GVT *(June 2013 – June 2015)* **Senior Business Manager**

Matrix Internet S/A *(August 2009 – June 2013)* **Country and Account Manager**

Engeforma Engenharia Industria e Comercio LTDA *(May 2011 – September 2011)* **Electrical Engineer and Contract Management**

LSX Engenharia LTDA *(September 2009 – March 2011)* **Electrical Engineer and Contract Management**

Directo – Computer-Tel Inc. *(January 2007 – June 2009)* **Country and Account Manager**

Telenova Comunicações LTDA. *(April 2005 – December 2006)* **Commercial Manager and Routing Supervisor***;* **Routing Analyst** *(January 2005 – May 2005);* **Trainee** *(March 2004 – December 2004)*
